Return of the Light Infantry.

The Alexandria Light Infantry returned home from St Louis about half-past six o'clock this morning, on a Chesa-peake and Obio train. The members of the command express themselves as highly pleased with their trip. The Alexan-drians speak in terms of appreciation of the hospitable manner in which they were entertained by those having charge of the military department at the exposition. Everything which could have added to their comfort or pleasure had been anticipated. Previous to the de-parture of the members of the Light In-fantry for their home Lieutenant Cochran was requested to send more Virginia soldiers to the exposition. The command stopped at Louisville, Ky., on their way to St. Louis and the members were royally entertained. The following

members. The company was in charge of above. rived in the city at noon and did leave for St. Louis until 10 o'clock in the evening. Some of the officers of the First Artillery Battalion met Lieut. T. B. Cochran at the depot and entertained him at supper at Scolbach's Hotel. The enlisted men were also entertained by some of the members of the Louisville batteries. The visitors were a fine lot of fellows and made a good impression by their soldierly appearance and gentlemanly behavior while here. They greatly appreciated the hospitality of the Louisville

Alexandria's Trade.

Thirteen wagons, loaded with miscellaneous merchandise, were on Mr. W. M. Reardon's whart this morning awaiting opportunities to deposit their con tents on river steamers. Often similar scenes are witnessed on the Norfolk and Washington steamers' wharf, and at W. A. Smoot & Co's wharf a barkentine, two three-masted schooners and coal barges were moored at one time recently. Messrs, Smoot & Co., H. K. Field & Co. and Aitcheson & Bro., lumber dealers, are often kept busy receiving and ship-ping lumber, while large schöoners are continually engaged in transporting rail-road ties from Alexandria to northern ports. Union street merchants and others conducting business near that thoroughfare are using many railroad cars in which to transport goods. Alexandria is slowly but surely forging ahead as a shipping depot, and the merchants are endeavoring to expand their trade as much as possible. The action of the Baltimore and Ohio Railroad Company about ten years ago in placing a depot on Union street has aided materially in furthering the commercial interests of this city, as Alexandria is now recognized as a shipping point possessing fa-cilities equal to those of any city in this section of the country.

The Market.

There was an abundant supply of seasonable country produce in market this morning. More country people were present than usual. Prices in some articles were stationary, but in others there was a weakening tendency. Butter was still selling at 20a25c a pound, and eggs at 22c a dozen. There was a profusion of vegetables of different varieties. Tomatoes were being disposed of at 6c a quarter peck. Lima beans were held at 25c a box. Peaches, plums, huckleberries and blackberries were plentiful. The fish benches were steck-cursion to River View next Tuesday. ed with fine varieties from salt water. The steamer will leave this city at 10:30 Rock, butterfish, tailors, flounders, Spanish mackerel, &c., were among the specimens on the benches.

Careless Garbage Gatherers. Complaints are again made of the action of certain people in carrying gar-bage through the city in uncovered ves-sels. Such accumulations are often in charge of colored boys or girls who manage to deposit a percentage of the refuse on pavements while in transitu from the premises of housekeepers to hog pens. This complaint is chronic, attention having been called to it occasionally for the past third of a centure past third of a century.

Shipments of Peaches.

Over 700 cars of Georgia peaches have recently passed through this city to New York, whence they are distributed through the north and east. These shipments have been via the Southern and Baltimore and Ohio roads, the cars having been transported across the river to Shepherd's. The roads expect to handle from 30 to 60 cars per day till the season ends. The time made between Alexandria and New York by the "peach" train is eight hours.

Cantaloupes.

Dealers in fruits and vegetables say the prospects for an abundance of cantaloupes are good this season. Merchants and others are now receiving considerable quantities of this much-esteemed fruit. Mr. Thomas Perry had fiftynine crates in front of his storehouse this morning. The consignment was from Coan river and was of a fine variety.
